Holiday: 20 paid days per year + bank holidays
(Some leave mandatory for business closure between Christmas & New Year)

Additional: Company clothing, PPE and tools supplied.

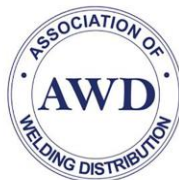

COMPANY OVERVIEW

Rapid Welding & Industrial Supplies Ltd have been in business for over 30 years and is one of the largest independent welding suppliers in the UK. From our Head Office in Portsmouth we ship welding plant and consumables, worldwide, on a daily basis whilst our Service Centre in Hedge End, Southampton provides factory trained service engineers to meet our customers requirements.

JOB OVERVIEW

An **Electrical Maintenance Engineer** is required for our busy, expanding, welding machine supply company and will be Based at our busy workshop at **Hedge End**, the focus will be:

- Servicing and repairing of welding and welding related equipment.
- Visiting customers sites to carry out servicing/validation/repairs.
- As part of a small team there is a general level of additional support required for your colleagues.
- On the job and manufacture training will be provided.

Rapid Welding & Industrial Supplies Limited
Unit 2D Portchester Park, Hamilton Road, Cosham, Hampshire, PO6 4QE
Registered in England and Wales Reg. No. 243 1802
VAT Reg. No. GB 544 0927 46

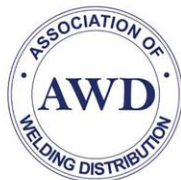

CANDIDATE REQUIREMENTS for Electrical Maintenance Engineer

- Experienced in electronics / industrial controls. We can teach the electrical requirements for welding machines, so experience working with welding plant, whilst desirable, is not essential.
- Good maths skills
- Qualifications in an electrical or mechanical discipline would be beneficial.
- IT literate.
- Calm under pressure.
- Excellent communicator across all colleague levels.
- The role will be fast-paced and challenging therefore you must have an adaptable and flexible attitude and approach, be prepared to work alongside your team and be driven to achieve a high level of service.
- Driving licence required
