# Clamping and gripping

**Many variants to cover a very wide range of applications**

**Whether for all-round or step-over clamping, or for fixing workpieces which are lying next to one another: the original BESSEY grip pliers are always ideal. This is because the infinitely adjustable plier**

**jaws lie parallel to each other in every position, or at the desired angle to one another. And the best thing is: the selected clamping pressure remains constant however wide open the mouth of the pliers is. That's true whatever variant you choose. Try it out!**

The pipe grip GRZRO – secure clamping of round workpieces thanks to infinitely adjustable plier jaws.
